

# Tiny Tadpoles poem

## Tiny Tadpoles

Tiny little tadpoles  
Have hatched out of their eggs.

Tiny little tadpoles  
Start to grow their legs.

Tiny little tadpoles  
Grow and grow and grow.

Tiny little tadpoles  
Will soon be frogs, you know!

Tiny little tadpoles  
Have grown up into frogs.

Swimming in the water,  
And sitting on their logs.
